PRAYER POINTS:

- Give thanks for the Lord's faithfulness in our lives, his care for us and our family, and during out his blessings every day.
- Give thanks for the fruit we've seen this summer, especially for our contact with José Luis who feels a profound emptiness in his life. We thank God for the opportunity to be in contact with him and to be able to share about the one that is able to give him life, and life to the full
- We're asking God that our strength wouldn't fail and the the Lord would give us the necessary perspective to continue forward.
- For our children's work situation, for Samuel and Marcos, that they find better employment.
- Pray for spiritual growth for Rosa that she clearly understand the Gospel of our Lord.
- Pray for this last task of Abel's Masters of Theology, his final thesis.

BUT SEEK FIRST HIS KINGDOM... AND ALL THESE THINGS WILL BE ADDED TO YOU. ”

MT. 6:33

Dear brothers and partners in the Lord's work:

Than kyou for your commitment to form part of the “team” which sustains us in prayer and financial support!! We thank the Lord for your love, effort and faithfulness to see the gospel reaches those who don't know it. We pray that God, our father's promise, expressed in Matthew 6, is evident in every aspect of your lives.

REASONS TO GIVE THANKS

In our January letter we shared about out planned visit to Australia and New Zealand. Thanks to God we were able to undertake that journey. It was a rich experience in many different ways. The biggest blessing was to be able to meet, hug and thank personally partners who have been supporting our ministry for years! Now, when we pray for you, the names match faces! We were also touched by the physical beauty of both countries, the vast size, the difference in the situation of the church (compared to Spain), the love and commitment of believes to world evangelism and of course the warm welcome and hospitality of the many friends who shared with us in one way or another.

BIBLE STUDIES

The studies with Rosa (a lady from Alcaudete) are on pause over summer as she spends the summer in a coastal town however she continues in her desire to know Jesus more and more.

ENGLISH CONVERSATION WORKSHOP

Last week we held the 3rd year of our Annual English conversation Workshops that we offer in town over summer. This year's activities have been a success, similar to previous years. This time our team was more international than ever with helpers arriving from Eyam in England, Ireland, Italy, Holland and New Zealand. We thank God for all their effort and dedication. This particular activity is much appreciated by the local government.

In the afternoon/evenings the team ran evangelistic activities for children in the park, which allowed us to have gospel conversations with some of the adults who came along. We ask that you'd be praying for one man in particular who came along, José Luis, who showed a special interest. He has our contact details and we ask the Holy Spirit to remove any prejudice or barrier and that he would decide to study the Bible with us.

This year the team also served the community, by removing plastic and rubbish in the "los llanos"; a really beautiful part of the town that people use for exercise and relaxation.

ABOUT US

Abel

Abel is in the final straight of his Masters, but it's the most difficult part. He is up to his neck in work on his final thesis so we ask for your prayers for him as he battles it out.

Rafi

In September Rafi will resume her English classes studying through the 3rd age university. Last term, just before the end of the term, the Lord gave Rafi an opportunity to share the gospel in depth with four of her classmates.

Family

Our grandchildren are growing, for which we thank the Lord. Our son-in-law, Marcos, needs to find work, specifically a job that will allow him to be involved in family life.

So that's a little of what God is doing that we can share with you, We want to end by asking God to bless you and again stating our gratitude for you.

Sending you a hug in Christ our Saviour,

Abel y Rafi.
